ROWAN TELMAC SEATING

Manufacturers of Passenger Transport Seating

TELFORD 80 STANDARD TIP-UP SEAT

The Telford 80 Standard Tip-up seat has been designed to meet DDA requirements. The cushion automatically returns to stowed position when released to create wheelchair space.

The Telford 80 is available with a moulded ABS cushion panel in most standard colours or with a trimmed cushion base.

The seat is designed to be fitted inward, forward or rear facing as singles pairs or triples.

The fixing points are positioned to suit customers own vehicle requirements.

Naturally as with all Rowan Telmac seats it's from our 'Fit and Forget Seat' range.

Options

Customers Logo formed into cushion panel moulding.
Moulded anti-vandal mesh cushions and squabs.
